HOCHTIEF secures contract for the R2 highway in Slovakia

Joint venture contract volume approximately EUR 130 million

HOCHTIEF has secured a contract from the national traffic authority NDS for a part of the R2 highway in Slovakia. The contract is worth approximately EUR 130 million for the joint venture, in which HOCHTIEF has a 50% share.

The R2 section Mýtna–Lovinobaňa–Tomašovce, for which the overall construction work began in July, runs for a length of around 13.5 kilometers. The project involves eleven bridges, six anti-noise walls and eight supporting walls. The highway section is planned to be opened in 2021.

“We are pleased to build this complex road construction project on behalf of NDS and to expand our presence in the Slovakian infrastructure market”, said Dirk Wassmann, Business Sector Manager of Europe East at HOCHTIEF Infrastructure.

HOCHTIEF is an engineering-led global infrastructure group with leading positions across its core activities of construction, services and concessions/public-private partnerships (PPP) focused on Australia, North America and Europe. With around 64,000 employees and a sales volume of about EUR 24 billion in 2018, HOCHTIEF's global presence is focused on developed markets. With CIMIC, the Group is market leader in Australia. In the USA, HOCHTIEF is the No. 1 general builder via Turner. Flatiron ranks among the most important players in the field of civil works, mainly in transportation infrastructure. Thanks to its commitment to sustainability, HOCHTIEF has been listed in the Dow Jones Sustainability Indexes since 2006. Further information is available at www.hochtief.com/press.
